### Power Boost

The CT122 is perfect for working in and around barns and sheds, mowing, property maintenance or light-duty work. Just like the CT120, it's an excellent way to get legendary Bobcat productivity for your small farm or commercial property. The CT122, however, has 10% more horsepower, providing extra muscle for hilly terrain or large mowing jobs.

### Outstanding performance. Smooth styling. Superior comfort and visibility.

Bobcat is well-known for designing a machine with unmatched performance, operator comfort and durability. The new compact tractor line also delivers a fit and finish you can only find with the Bobcat brand.

- Standard 4WD for working in tough conditions
- Hydrostatic transmission with two travel speed ranges for easy operation
- Sleek hood and side panels are made of tough durable steel, not plastic, and provide great visibility
- Exclusive Bobcat suspension seat for extended comfort
- Fully retractable seat belt within easy reach

The Bobcat CT122: agile, reliable, comfortable and powerful.

NOTE - Where applicable, dimensions are in accordance with Society of Automotive Engineers (SAE) and ISO standards. Specifications and design are subject to change without notice. Pictures of Bobcat units may show other than standard equipment. All dimensions are given for loader equipped with standard tires. All dimensions are shown in inches. Respective metric dimensions are enclosed by parentheses. Bobcat Company complies with the requirements of ISO 9001 as registered with BSI.

Easy Maintenance

### Bobcat Implements:

- Angle Blade
- Box Blade
